

Blue Ridge Color Company, Inc.

AUGUST PRODUCT NOTIFICATION

Use **ClipLizard Systems®** to address your real business goals: increasing touch time, quality of repair, efficiency and profitability while reducing cycle time and invoices.

POS Barcode Equipment and 3 Software Versions to choose from

- Invoicing
- Purchasing
- Inventory control and much more

3 Cabinet Systems to Choose From

- Tool Box Quality; roller bearing construction, powder coated, holds 120 lbs per drawer
- Double Capacity; Each drawer is twice as large as any other drawer on the market
- Easy Access: No lid on drawer means body men can use one hand to get what they need

Find what you want

The hardware: An intelligently organized bin part locating system. Your tech quickly, easily locates the clip he needs to increase touch time.

Get it when you need it

The delivery: No more delaying a repair while waiting for the clip guy. No more overstocking clips.

Get paid

The software: 3 clicks and you're done. No other software completes the invoicing process in fewer steps to achieve the same goal. Increase your profitability even more by adding all of your paint and billable materials to Materials Manager™.

Contact your BRCC Rep to set up a time for the ClipLizard Rep to come by your shop.
